### Detailed OHS rules applicable during classes taught at the Faculty unit

Students are required to put on protective clothing: a white apron, variable footwear, masks and to comply with the rules of the sanitary regime, including hand disinfection.

In the building of the University Clinical Center marked with the letter "G" there are:

P.028 Dressing room for students - women,

P.043 Dressing room for students - male.

On the basis of the student ID card (on the ground floor, segment A, at the Bistro), the student obtains a key to the locker in the changing room.

Attention!

The secretariat of the Department of Dermatology and Venereology is located in University Hospital No. 1 dr Antoni Jurasz in Bydgoszcz, Curie Skłodowskiej 9 street

on the 2nd floor of the University Clinical Center - building G, segment C, room 2.061, e-mail: [kikderm@cm.umk.pl](mailto:kikderm@cm.umk.pl)

Tutorials take place in the Department of Dermatology located in the University Clinical Center - building "G", University Hospital No. 1 dr Antoni Jurasz in Bydgoszcz, Curie Skłodowskiej 9 street

During classes, a student must not leave the place designated by the course schedule without the consent of the teaching assistant. In the event of any danger or accident during classes, the student must inform the instructor.

In the Department of Dermatology on the first day of classes, students are familiarized with the rules and regulations of occupational health and safety. Classes in the form of tutorials are held both at the bedside and in specialist laboratories. During the tutorials, the tutor provides instructions on the operation and safety of apparatus, devices and diagnostic equipment.

The duties of students in the field of occupational health and safety include compliance with health and safety regulations and rules, in particular:

1. performing tasks and tutorials in clinics, laboratories, consistent with the provisions and principles of occupational health and safety, and following the recommendations and guidelines of the teachers,
2. taking care of order and order in the place where classes are held,
3. immediate notification of the teacher about the noticed accident and warning other people about the noticed accident risk,
4. if necessary, provide first aid to the injured persons.
